Don't really like the recent attempt - in the back of the pack. Risk takers should feel comfortable with this selection given the solid Trainer/Horse record (10 starts, 30% wins). This rider/handler combo is a bit cold right now - not a high win percent together.

Has a high power rating and should go off at more than fair odds - worth a chance. Jockey doesn't have the best win percentage recently. Joe M Davis isn't on a winning streak lately.

Definitely a price play with such a good power rating - may payoff big. Don't dismiss the in the money finish last time out. The lack of morning blow outs is troubling despite the strong performance in the last competition.

No substitute for experience - watch for an improved performance in the second start. His Dam's foals have not done well in their 2yo season (11 starts, 0% wins, -100% ROI). Bet on this angle - coming back off a strong outing within the last month.

Can't win big without betting price horses - take a chance with such a good power rating. The rider and trainer duo have a favorable ROI when they join forces. Lost ground in the stretch in the last affair.

Bart G Hone has very stong numbers with this gelding that point to a sharp contender. This gelding faltered down the lane - not a positive sign. Have to be leery with horses trained by Bart G Hone right now - on a cold streak.

▲ Silva-Martinez has very solid numbers with this gelding that point to a very solid contender. ☹ Just not worth playing - handler not winning many races of late. ☹ Don't see him as a sure thing after that last race.

Definitely a value play with such a good power rating - might payoff big. Didn't finish near the top of the field last affair - might have to expect more of the same.

Tough to play this filly today - conditioner on a down cycle in recent times. She should show strong support based on Jockey stats (27 starts, 26% wins, +151% ROI). Went backward down the lane last time around the track.

Doesn't fit here based on Jose Luna Silva's record with 2 year olds lately (13 starts, 8% wins, -88% ROI). Trainer hasn't had the highest win percentage recently - have to skip. Most horses make progress in the second start after their first track experience.

As a young horse is worth consideration. Shows really strong trainer stats with 2 year olds (20 starts, 30% wins). Ran a winning race last effort, but just couldn't haul in the winner. Karlo Lopez has been nails with two year olds (24 starts, 29% wins).

Tread lightly - stretch effort just wasn't really enough last out. Tough to bet on a racer that loses so frequently. This jock/trainer tandem has a beneficial return on investment.

Don't really like the most recent attempt - in the back of the pack. Tough to play this gelding today - handler on a down cycle recently. Trainer/Horse combination leaves much to be desired (12 starts, 0% wins, -100% ROI).

Hard to gamble on these non-winning types on the win end. Recently, this jock and handler haven't been winning when they get together. This horse's trainer hasn't been victorious often recently.
