Tough to figure this one winning after finishing towards the rear last time. Luis A Valenzuela and M M Valdez-Cabral haven't been an inspiring combo recently.

Disqualified and Placed Ninth

This magnificent animal should be rocking and rolling down the stretch. Trainer hasn't had the best winning percentage as of late - have to pass up. Tread lightly - effort just wasn't strong enough last race.

Like the fact this gelding is back in a race so quickly. Could be tough to wager on after that last stretch performance. Don't see him as a sure thing after that last contest.

A strong performance in the last race. Can't make a habit of betting on horses that rarely win. May have to pass on this animal - jockey hasn't had the best of luck recently.

Good power rating - likely odds underestimate this gelding's probabilities - good price play. Don't see him as a sure thing after that last clash. This gelding faltered in the lane - not a good sign.

This gelding is in nice form - ran strong in last outing. Wagerers may be making a very risky move with this jockey/horse combination (8 starts, 0% wins). This questionable contender will have a tough go today - he just doesn't win very often.

The stretch display in the last event leaves much to be desired. This steed didn't finish near the top of the field in the last race. This mare has not run well under Simon J Buechler's training (7% wins).

Luis Martinez should put some money in your pocket with this equine and his power rating. Don't pass on this gelding in your prime wagers as David M Gomez-Barraza knows how to get this horse ready. Finished in the second half of the field last time - not a terrific sign.

Could run better than forseen with such a strong power rating - very strong value play. Hard to play this colt today - jock's win percent lately has been lackluster. Finished in the money in the last affair.

Keep this gelding in your exotics as Wesley T Giles has been very successful with this horse (35 starts, 20% wins). A pony coming back this soon after a nice contest is a good omen. This rider/handler pair has a strong return on investment together.

Jorge Nieto-Saenz hasn't been on a winning streak these days. An able horse that's been going strong, but he's been off the track in the mornings of late. This jockey and handler's animals have been generating a positive ROI.

Handler hasn't had the highest winning percentage recently - have to give a pass. Nice race last time, but the fact that there are no workouts since has to make one leery. Class jumpers out of this trainer's barn have not produced the best profits (-60% ROI) in this field.

This filly has not run well under Casey T Lambert's training (0% wins). Finished in the rear of the field last time - not a terrific sign. Have to be leery with horses trained by Casey T Lambert right now - on a chilly streak.
