This gelding is in fine condition - ran strong in last outing. Damario Bynoe and Mike Taphorn perform well when they work together - strong ROI together.

Good power rating - morning line odds underestimate this gelding's chances - definitely a potential price. Could be tough to invest in after that last stretch performance. Hard to figure this one winning after finishing in the back of the pack last time.

Surprise package - the general public may miss out on this one, ranked well on power rating. This steed didn't finish near the front of the field last time out. The jockey and trainer duo have a beneficial ROI when they combine forces.

Surely one of the good value plays in this clash given the power rating. J Douglas Mustard isn't on a winning streak right now. Tread lightly - try just wasn't enough last out.

Hard to gamble on these non-winning types on the win end. Tough to play this horse with this conditioner's lack of recent success. Andre Ellis hasn't been getting wins when putting Neville Stephenson on a horse.

⚡ Didn't show enough fighting spirit in the home stretch last time. ⚡ When Kerron Khelawan and Wendy Anderson team up - the return on investment has been great. ⚡ Not wagering on this animal after the last try.

☹️Give this mare a good shot - ran a strong outing in the last race within a month. ☹️Has a high power rating and should go off at a playable price - worth a shot. ☹️This jockey/trainer combo is off kilter right now - not a high winning percentage together.

Didn't display much fortitude during the stretch run last time - be cautious with him. Don't see him as a sure thing after that last race.

Nice performance by this gelding last time out. A pony coming back this promptly after a nice outing is a good omen. His trainer has not done well with horses moving up the class ladder (23 starts, 4% wins, -87% ROI).
