Figuring this beautiful animal to run a good one in today's event. This racer hasn't won in his last ten efforts - he's probably not worth the value today.

Gamblers should feel comfortable with this pick given the solid Trainer/Horse record (9 starts, 56% wins). Hot horse keeps winning. Wraps were added last time around the track - doesn't bode well for today's event.

Have to be concerned about any animal that has added front wraps in the last clash. Didn't finish near the front of the field last affair - might have to expect more of the same. Tough to play this gelding today - handler on a down cycle these days.

Keep this gelding in your exotics as Valorie Lund has been very successful with this horse (40 starts, 30% wins). May have to skip this animal - handler hasn't had the best of luck lately. Put forth a good performance in the last race.

Trainer has not produced the best results in this group of animals with horses moving up in class (22 starts, 9% wins, -46% ROI). Should make this gelding a serious competitor - he comes off a strong race. Trainer/Horse combination leaves much to be desired (8 starts, 0% wins, -100% ROI).

Really have to figure this magnificent animal is going to be really close near the finish line. Conditioner is on a cold streak - hard to stand behind. Silva Fausto H Da and Virginia Peters just haven't been victorious together recently.

Keep this gelding in your exotics as Tim P Padilla has been very successful with this horse (6 starts, 33% wins). Tough to play this gelding today - handler on a down cycle in recent times. Dam's foals on the turf have been profitable wagers lately (18% wins).

When this rider and handler join forces you have to take a look. A racer coming back this rapidly after a solid contest is a good sign. Caution must be used since front bandages were new equipment last outing.

Recent claims from this trainer's barn have not produced the best returns in this group (-69% ROI). Finished in the back last time - not a great endorsement. Jermaine V Bridgmohan and McLean Robertson haven't been a strong team recently.

Have to like that latest outing where she ended up strong. Questionable contender added bandages in her last contest - not a good sign. This trainer has done poor in recent times (-69% ROI) with horses claimed.

Her trainer has done solidly with horses moving up the class ladder (37 starts, 16% wins, +51% ROI). Last out this mount put forth a fine performance. The lack of works is troubling despite the nice performance in the last contest.
