Tommy Humphries can make a nice-priced score with this magnificent animal. Nice power rating. This jock and handler have a lucrative return on investment when they join forces. Trainer is on a chilly streak - hard to stand behind.

A strong performance last out. The rider and handler duo have a lucrative ROI when they partner up. Just not worth playing - trainer not winning many races lately.

Handler has had trouble winning races recently. Didn't finish near the front of the field last race - might have to expect more of the same today. Edgar Morales hasn't been burning up the track over the last month.

Bettors may be making a risky move with this jockey given his record working with a 1st time starter (46 starts, 7% wins, -25% ROI). This jockey is on a losing streak. Can't bet on this colt with his sire's lack of success with first time starters.

Finished in the back last time - not a great endorsement. This animal's handler hasn't been getting wins often lately. Ben Colebrook has the most favorable statistics in this group of horses with starters moving up the class ladder (25 starts, 20% wins, +86% ROI).

Wilted down the stretch in the last race. Sire's offspring have not shown good profits on the grass (9% wins, -16% ROI). Hard to figure this horse winning after finishing near the back of the pack last time.

⚡This jockey/trainer combo is off kilter right now - not a high winning percentage together. ⚡Not in the top half of the field in the last race. ⚡Fits well here based on David Fawkes's very solid results with horses daimed over the last month.

Hard to play this gelding today - jock's winning percentage recently has been lackluster. This gelding runs admirably under Anna M Meah's training. This rider/trainer tandem has a profitable return on investment.

Easy win in that last race. Fits well here based on Chris A Hartman's solid results with horses claimed lately. When Assael Espinoza and Chris A Hartman team up - the ROI has been fantastic.

⚡This mount will have a tough go today - he just doesn't win very often. ⚡Difficult to figure this horse winning after finishing near the back last time. ⚡Could be tough to wager on after that last stretch performance.

Really have to figure this mount is going to be close at the finish line. Tough to figure this animal winning after finishing near the back last time. Lost ground down the lane in the last race.

Didn't finish in the top half of the field last event - might have to expect similar results. This filly faded in the stretch - not a positive signal. Jock hasn't had the greatest winning percentage recently - may have to give a pass.
