⚡Tough to play this animal with this handler's lack of recent luck. ⚡Tough to figure this horse winning after finishing towards the rear last time. ⚡This jock/handler combo is a bit cold right now - not a high winning percent together.

Jock hasn't had the greatest winning percent as of late - may have to pass up. This Dam's foals have not produced solid board hit percentages when racing on the grass (21 starts, 5% wins, -84% ROI). The combination of Adam Beschizza and Joe Blair Roberts isn't on track lately.

Always like to take a chance on any animal with a top power rating at a good price. Finished in the rear of the field last time - not a promising effort. Most ponies get better in the second start after their first racing experience.

Sire's offspring have not shown good dividends on the grass (8% wins, -60% ROI). A pony coming back this soon after a solid contest is a good signal. When this jockey and conditioner join forces you have to take a look.

This rider and handler have a profitable return on investment when they partner up. Have to be worried that this entrant added front wraps last time around the track. Back peddled down the homestretch in the last race.

The rider and trainer duo have a favorable return on investment when they are put together. A campaigner coming back this quickly after a sharp outing is a good signal. Really strong bloodlines with one of the strongest turf Dams.

Big victory in last affair. Lately, this rider just doesn't seem to be able to buy a win. This gelding is in exceptional physical condition right now - finished well.

Finished out of the top half of the field last time out. Didn't show enough mettle in the lane last time. Nice return on investment for this jockey and handler duo.

Have to bet on her if she goes off at high odds with such a strong power rating. Historically, this trainer has not shown a good ROI (-86%) when trying horses at a route of ground. This Dam's foals have not produced solid board hit percentages when racing on the grass (12 starts, 8% wins, -74% ROI).

 2May26 1 @ fm 7 IND - Trainer

This trainer has horses that have consistently produced very good board hit percentages when moving down in class (24% wins). Most ponies improve in the second outing after their first track experience. Don't see her as a sure thing after that last race.
