Strong price play - the chalk players may miss out on this one, ranked well on power rating. This steed didn't finish in the top half of the field in the last race. Wilting in the lane last time around the track - may do it again today.

May have to skip this animal - trainer hasn't had the best of luck these days. Dam's 2 year olds have not performed well recently (15 starts, 7% wins). This rider/conditioner combo is cold right now - not a high winning percentage together.

When this jockey and conditioner team up you have to take a look. Was rock solid last time out. Howard F Gibson brings this filly back into a race quickly rather than a workout - fit and ready.

This filly wilted down the stretch - not a good omen. Don't really like the last effort - in the back of the pack. The combination of Talliyah Timentwa and Vince Gibson isn't on track lately.

Tough to bet on Alex V Anaya right now - not enough scores recently. Bet on this angle - coming back off a strong contest within the last month or so. Can't knock the in the money finish last time around the track.

Have to wager on him if he goes off at a nice price with such a strong power rating. Hard to play any horse that can't even triumph one time in his last ten races. This gelding has not run well under Ian Jewell's training (6% wins).

Good power rating - probable odds underestimate this filly's chances - play at a price. Was live last time out. Tough to play this animal with this handler's lack of recent good luck.

Conditioner hasn't had the best win percent as of late - have to give a pass. This gelding is back soon - sprinters that come back quickly are generally good plays. A nice performance last out.

Shins may have soreness since they added front bandages in the last race. Wilted down the stretch in the last race. This rider/trainer combo is off kilter right now - not a high win percent together.
