This gelding should be a good price and has a strong power rating. Could be tough to invest in after that last stretch effort. Don't really like the latest venture - in the back of the pack.

Several positive 'vibes' joined to this pony and his connections. Not part of the top half of the field in the last race. Trainer/Horse combination leaves much to be desired (13 starts, 0% wins, -100% ROI).

The jock and handler duo have a favorable ROI when they unite. Moves up a notch because of Robertino Diodoro success (40% wins) with fresh horses.

This filly should be a price and has a strong power rating. Have to be worried that this racer added bandages last time out. Don't see her as a sure thing after that last clash.

May have to let go of this horse - trainer hasn't had the best of luck lately. Turf starters out of this Dam have not shown good gains (31 starts, 3% wins, -24% ROI). Deshawn L Parker and Jaylan Renay Clary haven't been a winning team lately.

This filly is back soon - sprint horses that come back quickly are generally good plays. Class droppers out of this trainer's barn have produced some of the greatest profits in this group (+12% ROI). Take a risk on this long shot with one of the best power ratings - probable odds will be right.

This jock/conditioner duo has been producing a very positive ROI. Lost ground in the homestretch in the last race. Not making a bet on this animal after the last effort.

The addition of front wraps last time around the track is usually a sign of waning form. Fits well here based on Danny Pish's solid results with horses claimed of late. This pony coming off a strong effort in the last month or so is definitely live.

Tread lightly - attempt just wasn't really enough last time out. Dam's turf offspring have not produced good returns (58 starts, 9% wins, -69% ROI). Handler hasn't had the greatest winning percent recently - have to give a pass.

Turf starters out of this Dam have shown competitive dividends (33 starts, +3% ROI). Faded down the stretch last out - may do more of the same. Hard to gamble on these non-winning types on the win end.

⚡This jockey/handler combo is a bit cold right now - not a high win percent together. ⚡This gelding is in good condition, having run a nice race last time out. ⚡Finished in the money last time out.

Sire's turf offspring have been sad (157 starts, 7% wins, -58% ROI). The jockey and conditioner duo have a positive return on investment when they are put together. Tough to support any entrant that runs as well as he did, then lays up and doesn't workout.

⚠️ Nice return on investment for this jock and handler duo. ⚠️ This runner didn't finish near the top of the field last time around the track.

He doesn't have the winning make-up, tough for him to obtain it today. His trainer has done admirably with horses dropping down the class ladder (58 starts, 33% wins, +15% ROI). Shins may have soreness since they added bandages in the last event.

Always like to put some dough on any entrant with a top power rating at a good price. Luis A Huaman and Jr Marvin Ray Carter just haven't clicked together lately. Don't see him as a sure thing after that last contest.

Unquestionably see favorable signs for this horse right here. Don't really like the recent attempt - in the back of the pack. Wilted in the homestretch last out - may do it again today.

Put forth a nice effort in the last race. Surprise package - the general public may miss out on this animal, ranked well on power rating. Have to like that most recent race where she ended up strong.

Nice race last time, but the fact that there are no workouts since has to make one leery. Keep this mare in your exotics as Karen E Jacks has been very successful with this horse (16 starts, 19% wins). This Sire's foals have not produced positive returns when on the turf (629 starts, 9% wins, -24% ROI).
