Dam's offspring have shown really strong dividends on the grass (11 starts, 18% wins, +197% ROI). Sire's turf offspring have been poor (154 starts, 8% wins, -19% ROI). This mare wilted in the stretch - not a good sign.

Hugo Andrade has recorded very solid returns with horses moving down in class (36 starts, 22% wins, +26% ROI). This is a campaigner that just doesn't win - can't play him. Don't really like the most recent attempt - in the back of the pack.

Last time this gelding finished on the board. Trainer has had a hard time winning races these days. This pony hasn't won in his last ten chances - he's probably not worth the value today.

Has a high power rating and should go off at a playable price - take a stab. He doesn't have the winning state of mind, tough for him to gain it today. Tread lightly - try just wasn't strong enough last race.

He doesn't have lots of experience, but with his bloodline, should run well. Trainer figures with 2 year olds (11 starts, 0% wins, -100% ROI) have not been good. Lately, this jockey and trainer haven't been winning when they team up.

☹Bettors may be making a dangerous move with this jockey/horse combination (6 starts, 0% wins). ☹Finished in the rear of the field last time - not a promising effort. ☹Didn't display enough guts in the home stretch last time.
