Strong return on investment for this jock and conditioner duet. Last out this horse put forth a strong attempt. Have to be leery with mounts trained by Joseph P Mahan right now - on a losing streak.

The expected odds make this horse a nice play with such a strong power rating. Just not a worthwhile play - handler not winning many races these days. Not part of the top half of the field last time out.

▲ Nice effort last out. ☹️ This racer hasn't had even a single work after running so well last time out. ☹️ Faltered in the lane last time around the track - may do it again today.

☹️ Susan D Yoder's ROI with this horse (+55%) automatically make them a beneficial contender. ☹️ Make a play on this high-priced horse with one of the best power ratings - price will be right. ☹️ A horse coming back this soon after a good race is a good signal.

Recently, this trainer has not produced good gains when moving horses up in class (44 starts, 0% wins, -100% ROI). Out of the top half of the field last time out. This filly is entered right back into a race so quickly - she's fit and ready.

This mount is very sharp right now - Hugo Andrade brings him right back. The public will underestimate his chances; rates well on power rating. This jock is on a bit of a cold streak.

The jock and conditioner duo have a favorable return on investment when they combine forces. Didn't finish in the top half of the field last race - might have to expect the same. Lost ground in the lane in the last affair.

Don't really like the most recent effort - in the back of the pack. The combination of Charle Oliveros and Tina Casalnova isn't on track recently. She doesn't have the winning attitude, tough for her to find it today.
