Surely one of the good values in this clash given the power rating. This jock/handler combo is not in sync right now - not a high winning percentage together. Last event doesn't encourage much confidence.

The addition of front bandages last race out is usually a sign of declining form. Bet on this angle - coming back off a strong race within the last 30 days. Was on the board last time out.

The stretch effort in the last affair leaves much to be wished for. Handler has had an awful time winning races of late. Tread lightly - try just wasn't nearly good enough last time.

Has discovered a good situation this time. Wilted down the lane last time out - may do the same thing. Don't really like the last try - in the back of the pack.

This racer coming off a strong contest in the last 30 days is definitely live. This mount will have a tough go today - he just doesn't win very often. A good performance in the last race.

Brandon Tapara should put some money in your pocket with this horse and his power rating. Went in reverse down the lane last time around the track. This horse hasn't won in her last ten races - she's probably not worth the value today.

Expect this horse to surprise some fans in today's event. Could be tough to play after that last stretch performance. Finished in the second half of the field last time - not a promising effort.

Give this mare a fair chance - ran a good contest last out within a month. Just not a great bet - trainer not winning many races over the last month. Don't skip this mare in your prime wagers as Sr Rodrigo Madrigal knows how to get this horse ready.

Keep this mare in your exotics as William D Cowans has been very successful with this horse (14 starts, 43% wins). Hard to play this mare today - jockey's win percentage as of late has been lackluster. Give this mare a good shot - ran a sharp contest last time around the track within a month.
