Put forth a nice performance in the last affair. Didn't show enough mettle down the lane last time. This campaigner coming off a nice try in the last thirty days is definitely live.

This jock/trainer combo is not in sync right now - not a high win percentage together. Last time this filly hit the board. Have to like that last outing where she finished strong.

This gelding is in good physical condition, having run a strong race last time out. Don't really like the most recent try - in the back of the pack. This Sire's foals have not produced positive returns when on the turf (47 starts, 4% wins, -71% ROI).

When Kent J Desormeaux and Aggie Ordenez partner up - the ROI has been terrific. Conditioner is on a cold streak - hard to support. This filly runs competently under Aggie Ordenez's training.

Philip D'Amato has produced entries that have consistently produced very good percentages (44 starts, 20% wins) in their first affair going long. Don't really like the latest venture - in the back of the pack. Class jumpers out of this trainer's barn have not produced the best dividends (-38% ROI) in this field.

Class jumpers out of this trainer's barn have not produced the best dividends (-100% ROI) in this field. Most horses get better in the second start after their first visit to the track. Have to be leery with horses trained by Carla Gaines right now - on a bit of a cold streak.
