Gerardo Corrales should put some money in your pocket with this animal and his power rating. This jock/handler tandem has a lucrative return on investment. Hasn't scored a victory recently - not worth it on this equine today.

This filly runs quite well under Elias Lopez's training. Can't ignore the in the money finish last time around the track. This trainer has entries that have consistently produced decent board hit percentages when jumping up in class.

Tread lightly with this horse - connections have been off kilter when teaming up. Not making a wager on this one after the last venture. Handler is on a chilly streak - hard to recommend.

Hard to figure this horse winning after finishing in the back of the pack last time. Recently, this jock and handler haven't been winning when they team up together. Summer Pauly hasn't been on a hot streak these days.

Have to like that recent effort where he ended up strong. Trainer has not produced the best results in this group of the horses in this race with horses dropping in class (33 starts, 9% wins, -25% ROI). This jockey/handler combo is off kilter right now - not a high win percentage together.

◆This jockey/handler duo has a strong return on investment together. ◆Most ponies make progress second time out after their first track experience. ◆Don't really like the most recent try - in the back of the pack.

Bombs away - the rest of the crowd may miss out on this animal, ranked well on power rating. This rider/conditioner combo is off kilter right now - not a high win percentage together. The education from her first lifetime start should prove useful today.

Good power rating - likely odds underestimate this filly's probabilities - looks like an overlay. Could be tough to play after that last stretch performance. This horse didn't finish near the top of the field last time out.

The stretch display in the last affair leaves much up in the air. Finished in the second half of the pack last time - not a great endorsement. Andres Calleja and Anna Decker haven't been a winning team recently.

Has a high power rating and should go off at a playable price - worth a chance. Lately, this jock just doesn't seem to be able to buy a win. This gelding faltered down the lane - not a a positive.

Tough to bet on this horse after the disappointing stretch run in the last race. Didn't finish in the top half of the field last event - might have to expect similar results. With a race under his belt, expect an improved performance.

◆ Take a chance on this long shot with one of the best power ratings - odds will be right. ◆ The stretch display in the last race leaves much to be wished for. ◆ Finished in the back of the pack last time - not a great endorsement.

Recently, this trainer has not produced good profits for gamblers with horses moving down in class. Paul McEntee hasn't been victorious when putting Orlando Bocachica aboard a horse. Tough to bet on a campaigner that loses so frequently.

⚠️This rider/conditioner combo is not in sync right now - not a high win percentage together. ⚠️Didn't show enough courage in the lane last time. ⚠️Didn't finish in the top half of the field last event - might have to expect more of the same.
