⚡This horse really isn't bred to win first time out. ⚡Jock and handler haven't had much recent good fortune together.

⚡Last race doesn't bolster much faith. ⚡Is a contender; trainer has sported solid figs (42 starts, 29% wins) for two year olds with some good returns for bettors. ⚡When this jock and handler work together you have to take a look.

⚡Most horses get better in the second outing after their first racing experience. ⚡Last time this gelding hit the board. ⚡Should make this gelding a solid contender - he comes off a good race.

Last event was a good effort. Most horses mature in the second start after their first racing experience. Tread lightly with this one - connections have been cold when teaming up.

Her sire doesn't have a high win percent with first time starters.

This jockey has not produced good profits (23 starts, 4% wins) with maidens in their 1st askings.

When Austin Adams and Phillips C Day join forces - the return on investment has been terrific.

Numerous positive 'vibrations' associated with this horse and his barn. This pony hasn't won in his last ten efforts - he's probably not worth the value today. Don't really like the latest effort - in the back of the pack.

Just not worth playing - trainer not winning many races within the recent past. Didn't finish near the top of the field last race - might have to expect the same result today. Good return on investment for this jack and trainer pair.

Tough to figure this animal winning after finishing towards the rear last time. May have to skip this one - handler hasn't had the best of luck over the last month. Dam's 2yo offspring have not shown good returns (-100% ROI).

Invest in this angle - coming back off a good outing within the last month. This jock/handler combo is a bit cold right now - not a high winning percentage together. A good performance last time out.

Jockey's recent ROI figures (14 starts, +9% ROI) with this gelding make a solid bet. Have to place a wager on him if he goes off at good odds with such a strong power rating. Like the fact this gelding is back in a race so quickly.

Always a smart play to bet sprinters that make a rapid turnaround. May have to let go of this horse - handler hasn't had the best of luck lately. Tread lightly - effort just wasn't nearly good enough last time out.

Didn't finish near the top of the field last race - might have to expect the same result today. The combination of David Moran and W V Armata isn't on track lately. Tough to bet on a racer that loses so frequently.

🐾Zeljko Krcmar has sharp numbers with this colt that point to a very solid contender. 🐾Recently, this jockey just doesn't seem to be able to buy a win. 🐾Can't make a habit of betting on horses that rarely win.

⚡This beautiful animal ran a nice one last time. ⚡This jock/trainer combo is not in sync right now - not a high win percentage together. ⚡Just not worth it - trainer not winning many races lately.

Have to be leery with animals trained by Sylvain Pion right now - on a losing streak. This colt runs strong under Sylvain Pion 's training. This horse coming off a good contest in the last month is definitely live.

🐾Martin Drexler's ROI with this horse (+216%) automatically make them a superior contender. 🐾A campaigner coming back this quickly after a sharp race is a good signal. 🐾Ended up in the top three in the last event.

☹This horse's trainer hasn't been victorious often lately. ☹Daniel Wills brings this gelding back into a race quickly rather than a workout - fit and ready. ☹Was out of the top half of the field last time around the track.
