Can't make big money without betting high-priced horses - worth a stab with such a good power rating. Kristy Petty has the most competitive data in this group of horses with starters moving down the class ladder (21 starts, 33% wins, +2% ROI). This gelding is entered right back into a race so quickly - he's fit and ready.

Didn't finish near the front of the field last event - might have to expect more of the same today. Didn't show much intestinal fortitude during the stretch run last time - be cautious with him. This jockey/conditioner twosome has a strong return on investment together.

Not making a bet on this animal after the last effort. Tough to invest in this horse after the disappointing stretch drive in the last affair.

With Kyle Gilbert atop this animal, may have to pass on this mare. Didn't show much courage during the stretch run last time - be cautious with her. Have to be leery with entries trained by Crystal Richison right now - on a bit of a cold streak.

🐾 Tough to figure this animal winning after finishing near the back of the pack last time. 🐾 Sprinters that come back to the races quickly are generally good plays. 🐾 This equine's handler hasn't been victorious often recently.

Surely one of the good values in this contest given the power rating. Lost ground in the stretch in the last race. Tread lightly - effort just wasn't enough last race.

This less than stellar equine hasn't won in his last ten tries - he's probably not worth the value today. Finished in the back half of the field last time - not a great sign. Didn't display enough heart in the stretch drive last time.

This gelding is sent through the entry box right back into a race in less than 10 days - positive sign. Keep this gelding in your exotics as Lela G Hanagan has been very successful with this horse (8 starts, 25% wins). Reshawn Latchman has very strong numbers with this gelding that point to a sharp contender.

Can't make a habit of betting on horses that rarely win. Trainer/Horse combination leaves much to be desired (10 starts, 0% wins, -100% ROI). Conditioner has had difficulty winning races recently.

Didn't finish in the top half of the field last race - might have to expect more of the same today. This was a live horse, but now this one hasn't been doing anything in the morning.

Sprinters that come back to the races quickly are generally good plays. Tough to play this gelding today - handler on a down cycle these days. The enticing odds make this animal a nice wager with such a strong power rating.
